Re: Kennecott Copper Corporation - Provo River  
Decree - Paragraph 4(c)

Dear Mr. Lambert:

It has come to our attention that on September 19, 1969, Mr. Bryce Montgomery of your office sent a letter to Mr. Hugh McKellar, Provo River Commissioner, relating to an interpretation of Paragraph 4(c) of the Provo River Decree.

As the attorneys for the Utah Copper Division of Kennecott Copper Corporation, we must state that we do not agree with the interpretation given by Mr. Montgomery of that Decree. As you are aware, Kennecott has been concerned with the proper distribution of the waters of the Provo River since many of Kennecott's basic rights are dependent upon the waters of Utah Lake into which the waters of the Provo River flow.

We now respectfully request that a hearing be held concerning the interpretation given by Mr. Montgomery on behalf of your office and that we be provided with notice of such hearing so that we may appear to present our view concerning the Provo River Decree and its interpretation.

Very truly yours,

*James B. Lee*
